

Korea Food Additives Code

2013

Contents

I. General Provisions	1	23. Glucono- δ -Lactone	54
II. Synthetic Additives, Natural Additives and Mixed Preparations	9	24. Calcium	56
Article 1. Standards for Manufacturing and Preparation	9	25. Monosodium L-Glutamate	58
Article 2. General Standards for Food Additive Use in Foods	15	26. Glycerin	60
Article 3. Standards and Specification	20	27. Glycerin Esters of Fatty Acids	62
A. Synthetic Additives	20	28. Glycine	65
1. Geranyl Formate	20	29. Trisodium Glycyrrhizinate	67
2. Citronellyl Formate	22	30. Disodium Glycyrrhizinate	68
3. Isoamyl Formate	23	31. Butyric Acid	71
4. Geraniol	25	32. Butyl Butyrate	72
5. Cinnamic Acid	26	33. Ethyl Butyrate	73
6. Methyl Cinnamate	28	34. Isoamyl Butyrate	74
7. Ethyl Cinnamate	29	35. γ -Nonalactone	75
8. Cinnamaldehyde	30	36. Nicotinic Acid	76
9. Cinnamyl Alcohol	31	37. Nicotinamide	78
10. Ketones	32	38. Decanal	80
11. Calcium Hypochlorite	33	39. Ethyl Decanoate	81
12. Diluted Benzoyl Peroxide	34	40. Decanol	82
13. Hydrogen Peroxide	36	41. Dehydroacetic Acid	83
14. Ammonium Persulfate	38	42. Sodium Dehydroacetate	84
15. Disodium 5'-Guanylate	39	43. Sodium Copper Chlorophyllin	87
16. Citric Acid	41	44. Dibenzoyl Thiamine	89
17. Trisodium Citrate	43	45. Dibenzoyl Thiamine Hydrochloride	91
18. Ferric Citrate	45	46. Butylated Hydroxy Toluene	93
19. Ferric Ammonium Citrate	46	47. L-Lysine Monohydrochloride	95
20. Potassium Citrate	48	48. Lactones	97
21. Calcium Citrate	49	49. Linalool	98
22. Silicone Resin	52	50. Disodium 5'-Ribonucleotide	100
		51. Calcium 5'-Ribonucleotide	104
		52. Maltol	107
		53. D-Maltitol	109
		54. Sodium Metaphosphate	112
		55. Potassium Metaphosphate	114
		56. Potassium Metabisulfite	116
		57. DL-Methionine	118
		58. L-Methionine	120
		59. Methyl β -Naphthyl Ketone	122

60. Methyl Cellulose	124	101. Sorbitan Esters of Fatty Acids	194
61. Methyl N-Methylantranilate	126	102. D-Sorbitol	195
62. dl-Menthol	127	103. D-Sorbitol Solution	198
63. l-Menthol	129	104. Sorbic Acid	200
64. Propyl Gallate	131	105. Potassium Sorbate	202
65. Morpholine Salts of Fatty Acids	133	106. Oxalic Acid	204
66. Sulfur Dioxide	134	107. Sodium Hydroxide	206
67. Vanillin	135	108. Sodium Hydroxide Solution	209
68. L-Valine	137	109. Potassium Hydroxide	210
69. Aromatic Aldehydes	139	110. Calcium Hydroxide	212
70. Aromatic Alcohols	140	111. Annatto, Water-soluble	214
71. Benzaldehyde	141	112. Magnesium Stearate	216
72. Benzyl Alcohol	142	113. Sodium Stearoyl Lactylate	218
73. Butylated Hydroxy Anisole	143	114. Calcium Stearoyl Lactylate	221
74. Dry Formed Vitamin A	145	115. L-Cystein Monohydrochloride	224
75. Potassium Bromate	147	116. L-Cystine	226
76. Biotin	148	117. Allyl Cyclohexanepropionate	228
77. Vitamin B1 Naphthalene-1,5-disulfonate	150	118. Citral	229
78. Vitamin B1 Naphthalene-2,6-disulfonate	152	119. Citronellal	230
79. Vitamin B1 Dilaurylsulfate	153	120. Citronellol	231
80. Vitamin B1 Rhodanate	155	121. Food Green No.3	232
81. Vitamin B1 Hydrochloride	157	122. Food Green No. 3 Aluminum Lake	234
82. Vitamin B1 Mononitrate	159	123. Food Red No.2	236
83. Vitamin B1 Phenolphthalinate	161	124. Food Red No.2 Aluminum Lake	238
84. Vitamin B2	162	125. Food Red No.3	240
85. Vitamin B2 Phosphate Sodium	164	126. Food Red No.40	242
86. Vitamin B6 Hydrochloride	166	127. Food Red No.40 Aluminum Lake	245
87. Vitamin C	168	128. Food Blue No.1	248
88. Vitamin D2	170	129. Food Blue No. 1 Aluminum Lake	250
89. Vitamin D3	172	130. Food Blue No.2	252
90. Vitamin E	173	131. Food Blue No.2 Aluminum Lake	254
91. dl- α -Tocopherol Acetate	175	132. Food Yellow No.4	256
92. Glacial Acetic Acid	177	133. Food Yellow No.4 Aluminum Lake	258
93. DL-Malic Acid	178	134. Food Yellow No. 5	260
94. Sodium DL-Malate	180	135. Food Yellow No.5 Aluminum Lake	264
95. Sodium Saccharin	182	136. Sodium Silicoaluminate	266
96. Sodium Bisulfite	185	137. Anisaldehyde	269
97. Disodium Dihydrogen Pyrophosphate	187	138. Adipic Acid	270
98. Zinc Oxide	189	139. L-Arginine	271
99. Methyl Salicylate	191	140. α -Amylcinnamaldehyde	273
100. Iron Sesquioxide	192	141. Ethyl Acetoacetate	275

142. Acetophenone	276	183. Disodium Ethylenediaminetetraacetate	360
143. Acetylated Distarch Adipate	277	184. Calcium Disodium Ethylenediaminetetraacetate	362
144. Sodium L-Ascorbate	278	185. Silicon Dioxide	364
145. Ascorbyl Palmitate	280	186. Chlorine Dioxide	366
146. L-Asparagine	282	187. Carbon Dioxide	367
147. L-Aspartic Acid	284	188. Titanium Dioxide	369
148. Aspartame	286	189. Ethyl Isovalerate	374
149. Azodicarbonamide	289	190. Isoamyl Isovalerate	375
150. Sodium Nitrite	291	191. L-Isoleucine	376
151. β -Apo-8'-Carotenal	293	192. Isomalt	378
152. Sodium Sulfite	296	193. Isoeugenol	382
153. Benzoic Acid	298	194. Isothiocyanates	383
154. Sodium Benzoate	300	195. Allyl Isothiocyanate	384
155. Methyl Anthranilate	302	196. Sodium Dichloroisocyanurate	385
156. Sodium Alginate	303	197. α -Ionone	386
157. Propylene Glycol Alginate	306	198. β -Ionone	387
158. DL-Alanine	309	199. Ion Exchange Resins	388
159. Erythorbic Acid	310	200. Indol, Amine, Oxazol, Thiazole, Quinoline, Pyrazine, Pyrol Pyrodine, and their derivatives	395
160. Sodium Erythorbate	312	201. Phosphoric Acid	396
161. Ester Gum	314	202. Ferric Phosphate	398
162. Esters	315	203. Sucrose Esters of Fatty Acids	400
163. Ethers	316	204. Xylitol	407
164. Ethyl vanillin	317	205. Iron, Electrolytic	410
165. Basic Sodium Aluminum Carbonate	319	206. Lactic Acid	411
166. Hydrochloric Acid	320	207. Ferrous Lactate	414
167. Chlorine	322	208. Calcium Lactate	416
168. Magnesium Chloride	326	209. Sodium Phosphate, Tribasic	418
169. Ammonium Chloride	328	210. Potassium Phosphate, Tribasic	420
170. Potassium Chloride	329	211. Calcium Phosphate, Tribasic	422
171. Calcium Chloride	331	212. Sodium Phosphate, Dibasic	424
172. Folic Acid	333	213. Ammonium Phosphate, Dibasic	426
173. Ethyl Octanoate	335	214. Potassium Phosphate, Dibasic	427
174. Food Starch Modified	336	215. Calcium Phosphate, Dibasic	429
175. Octyl Aldehyde	347	216. Sodium Phosphate, Monobasic	430
176. Potassium Iodide	348	217. Ammonium Phosphate, Monobasic	432
177. Methyl Hesperidin	350	218. Potassium Phosphate, Monobasic	433
178. r-Undecalactone	351	219. Calcium Phosphate, Monobasic	435
179. Eugenol	352	220. DL-Tartaric Acid	437
180. Vitamin A in Oil	353	221. L-Tartaric Acid	438
181. Eucalyptol	355	222. Disodium DL-Tartrate	440
182. Disodium 5'-Inosinate	358		

223. Disodium L-Tartrate	442	264. Calcium Carbonate	500
224. Potassium DL-Bitartrate	444	265. tert-Butylhydroquinone	502
225. Potassium L-Bitartrate	445	266. Terpene Hydrocarbons	507
226. Fatty Acids	447	267. DL-Threonine	508
227. Aliphatic Aldehydes	448	268. L-Threonine	510
228. Aliphatic Alcohols	449	269. DL-Tryptophan	512
229. Aliphatic Hydrocarbons	450	270. L-Tryptophan	514
230. Sodium Nitrate	451	271. L-Tyrosine	516
231. Potassium Nitrate	453	272. p-Methyl Acetophenone	518
232. Sodium Hypochlorite	456	273. Butyl-p-Hydroxybenzoate	519
233. Sodium Hydrosulfite	457	274. Ethyl p-Hydroxybenzoate	520
234. Sodium Iron Chlorophyllin	459	275. Isobutyl p-Hydroxybenzoate	522
235. Acetic Acid	460	276. Isopropyl p-Hydroxybenzoate	523
236. Geranyl Acetate	461	277. Propyl p-Hydroxybenzoate	524
237. Sodium Acetate	462	278. Sodium Pantothenate	525
238. Linalyl Acetate	464	279. Calcium Pantothenate	527
239. Benzyl Acetate	465	280. Phenols	529
240. Butyl Acetate	466	281. Phenolic Ether	530
241. Polyvinyl Acetate	467	282. DL-Phenylalanine	531
242. Citronellyl Acetate	469	283. L-Phenylalanine	532
243. Cinnamyl Acetate	470	284. Ethyl Phenylacetate	534
244. Ethyl Acetate	471	285. Isobutyl Phenylacetate	535
245. Isoamyl Acetate	472	286. Polydextrose	536
246. Starch Acetate	473	287. Polybutene	540
247. Phenylethyl Acetate	474	288. Polyvinyl Polypyrrolidone	542
248. Thioalcohols	475	289. Polysorbate 20	544
249. Thioether	476	290. Polysorbate 60	549
250. β -Carotene	477	291. Polysorbate 65	551
251. Carmines	479	292. Polysorbate 80	553
252. Sodium Carboxymethylcellulose	481	293. Sodium Polyacrylate	555
253. Calcium Carboxymethylcellulose	483	294. Polyisobutylene	557
254. Sodium Carboxymethyl Starch	485	295. Sodium Polyphosphate	559
255. Sodium Caseinate	486	296. Potassium Polyphosphate	561
256. Allyl Caproate	487	297. Bleaching Powder	563
257. Taurine	488	298. Furfural and its derivative	564
258. Sodium Carbonate	490	299. Fumaric Acid	565
259. Magnesium Carbonate	492	300. Monosodium Fumarate	567
260. Sodium Bicarbonate	494	301. Ferrous Fumarate	568
261. Ammonium Bicarbonate	496	302. Sodium Propionate	572
262. Ammonium Carbonate	497	303. Benzyl Propionate	574
263. Potassium Carbonate, Anhydrous	499	304. Ethyl Propionate	575

305. Isoamyl Propionate	576	346. Zinc Gluconate	654
306. Calcium Propionate	577	347. L-Glutamic Acid	656
307. Propylene Glycol	579	348. Monoammonium L-Glutamate	658
308. Propylene Glycol Esters of Fatty Acids	581	349. Monopotassium L-Glutamate	660
309. Sodium Pyrophosphate	583	350. Potassium Glycerophosphate	662
310. Potassium Pyrophosphate	585	351. Calcium Glycerophosphate	663
311. Piperonal	587	352. Lactitol	664
312. Ethyl Hexanoate	589	353. L-Leucine	668
313. Succinic Acid	590	354. D-Mannitol	669
314. Disodium Succinate	591	355. Maltitol Syrup	672
315. Iron, Reduced	593	356. Calcium Oxide	674
316. Sulfuric Acid	595	357. L-Serine	676
317. Sodium Sulfate	597	358. Sodium Sesquicarbonate	678
318. Cupric Sulfate	599	359. Magnesium Hydroxide	680
319. Magnesium Sulfate	601	360. Ammonium Hydroxide	682
320. Zinc Sulfate	603	361. Calcium Ascorbate	684
321. Aluminium Ammonium Sulfate	605	362. L-Ascorbyl Stearate	686
322. Aluminum Potassium Sulfate	607	363. Ammonium Alginate	688
323. Ammonium Sulfate	609	364. Potassium Alginate	690
324. Ferrous Sulfate	611	365. Calcium Alginate	692
325. Calcium Sulfate	613	366. L-Alanine	694
326. Hydroxycitronellal	615	367. Oxystearin	695
327. Hydroxycitronellal Dimethylacetal	616	368. Sodium Diacetate	697
328. Hydroxypropyl Distarch Phosphate	618	369. Itaconic Acid	699
329. L-Histidine Monohydrochloride	619	370. Magnesium Phosphate, Tribasic	701
330. Ferrous Gluconate	621	371. Magnesium Phosphate, Dibasic	703
331. Copper Chlorophyll	623	372. Choline Bitartrate	704
332. Potassium Copper Chlorophyllin	625	373. Calcium Acetate	706
333. Sodium Metabisulfite	628	374. Potassium Bicarbonate	707
334. Sodium Methoxide	630	375. Triacetin	708
335. Modified Hop Extract	633	376. Propionic Acid	710
336. Phylloquinone	635	377. L-Proline	712
337. Magnesium Oxide	637	378. Ferric Pyrophosphate	714
338. Choline Chloride	639	379. Sodium Ferric Pyrophosphate	716
339. Sodium Lactate	641	380. Ethyl Heptanoate	718
340. Manganese Sulfate	644	381. Potassium Sulfate	719
341. Formic Acid	645	382. L-Histidine	720
342. Gluconic Acid	646	383. Disodium 5'-Cytidylate	722
343. Sodium Gluconate	648	384. Disodium 5'-Uridylate	724
344. Copper Gluconate	650	385. Isopropyl Alcohol	727
345. Manganese Gluconate	652	386. Magnesium Silicate	729

387. L-Glutamine	732	428. Acetone	1022
388. Potassium Benzoate	733	429. Sodium Selenite	1024
389. Calcium Benzoate	735	430. Chromic chloride	1026
390. Potassium Gluconate	737	431. Methyl Alcohol	1028
391. L-Carnitine	739	432. Hydroxypropyl cellulose	1030
392. Methyl p-Hydroxybenzoate	741	433. Amidated Pectin	1032
393. Acesulfame Potassium	743	434. Sodium Selenate	1036
394. Potassium Lactate	745	435. Sodium Molybdate	1038
395. Food Red No.102	747	436. Polyvinyl Alcohol	1042
396. Sucralose	750	B. Natural Additives	1045
397. Nitrous Oxide	754	1. Persimmon Color	1045
398. L-Lysine	756	2. Licorice Extract	1047
399. Sodium Aluminium Phosphate, Acidic	758	3. Cellulose, Microcrystalline	1049
400. Basic Sodium Aluminum Phosphate	760	4. Kaoliang Color	1051
401. L-Theanine	762	5. Guar Gum	1053
402. Hydroxypropylmethylcellulose	764	6. Koji	1056
403. Calcium Stearate	767	7. Diatomaceous Earth	1060
404. Calcium silicate	769	8. β -Glucanase	1062
405. Calcium Sorbate	772	9. Glucoamylase	1066
406. Methylethylcellulose	774	10. Glucose Oxidase	1074
407. Polyvinyl Pyrrolidone	776	11. Glucose Isomerase	1077
408. Ethyl Cellulose	779	12. Diastase (Diastatic Power, DP)	1082
409. Potassium Ferrocyanide	782	13. Lac Color	1085
410. Sodium Ferrocyanide	784	14. Lactase	1086
411. Calcium Ferrocyanide	786	15. Lactoferrin Concentrates	1090
412. Polyglycitol Syrup	788	16. Lecithin	1092
413. Manganese Chloride	790	17. Rennet Casein	1094
414. Manganese Citrate	792	18. Locust Bean Gum	1095
415. Ferric Chloride	793	19. Lysozyme	1098
416. Sodium Lauryl Sulfate	795	20. Lipase	1102
417. Sodium Metasilicate	797	21. Lipase/Esterase(Forestomach)	1105
418. Sodium Oleate	799	22. Tagetes Extract	1106
419. d- α -Tocopheryl Acetate	801	23. Beeswax	1108
420. Magnesium Gluconate	804	24. Kaolin	1111
421. d- α -Tocopheryl Acid Succinate	807	25. Berries Color	1113
422. Magnesium L-Lactate	811	26. Betaine	1115
423. Potassium Sodium L-Tartrate	813	27. Bentonite	1117
424. Synthetic Flavoring Substances	815	28. Cellulose, Powdered	1119
425. Ozone Water	1016	29. Cyanocobalamin	1122
426. Hypochlorous Acid Water	1018		
427. Ammonium Molybdate	1020		

30. Beet Red	1124	71. Tara Gum	1232
31. Acid Clay	1126	72. Tamarind Gum	1234
32. Xanthan Gum	1128	73. Tamarind Color	1235
33. Petroleum Wax	1133	74. Tannic Acid	1237
34. Cellulase	1135	75. Talc	1239
35. Shellac	1139	76. d-Tocopherol Concentrate, Mixed	1242
36. Steviol Glycoside	1141	77. d- α -Tocopherol Concentrate	1246
37. Spirulina Color	1144	78. Tragacanth Gum	1247
38. Cyclodextrin	1146	79. Trypsin	1249
39. Curcumin(Turmeric Oleoresin)	1149	80. Oleoresin Paprika	1252
40. Arabic Gum	1151	81. Perlite	1257
41. α -Amylase	1153	82. Pectinase	1258
42. α -Amylase, Bacterial(BAU)	1159	83. Pectin	1263
43. Annatto Extract	1160	84. Pepsin	1266
44. Alginic Acid	1162	85. Grape Skin Extract	1270
45. Oleoresin Capsicum	1164	86. Pullulanase	1272
46. Milk Clotting Enzyme	1165	87. Protease	1275
47. Liquid Paraffin	1168	88. Protease, Fungal(HUT)	1287
48. Inositol	1170	89. Protease, Bacterial(PC)	1288
49. Invertase	1172	90. Plant Protease(PU)	1289
50. Red Cabbage Color	1176	91. Phytic Acid	1290
51. Gelatin	1178	92. Hemicellulase	1293
52. Gellan Gum	1181	93. Hexane	1297
53. Seed Malt	1184	94. Monascus Color	1299
54. Gibberellic Acid	1186	95. Monascus Yellow	1302
55. Caffeine	1188	96. Carthamus Red	1304
56. Gardenia Red	1191	97. Carthamus Yellow	1306
57. Gardenia Blue	1193	98. Active Carbon	1308
58. Gardenia Yellow	1195	99. Yeast	1310
59. Carnuba Wax	1197	100. Yeast Extract	1312
60. Carrageenan	1199	101. Enzymatically Decomposed Lecithin	1317
61. Caramel Color	1203	102. Spice Oleoresins	1320
62. Karaya Gum	1212	103. Dextranase	1335
63. Casein	1215	104. Maltogenic Amylase	1338
64. Cacao Color	1218	105. Exomaltotetrahydrolase (G4 Producing Enzyme)	1342
65. Catalase	1220	106. Tansglucosidase	1346
66. Curdlan	1223	107. Phospholipase	1349
67. Cochineal Extract	1225	108. Glucomannan	1353
68. Corn Color	1227	109. Rosin	1357
69. D-Xylose	1228	110. Mucin	1358
70. Chitosan	1230	111. Mutastein	1359

112. Alfalfa Extract	1360	153. Pullulan	1437
113. Sepia Color	1362	154. Pecan Nut Color	1439
114. Yucca Extract	1363	155. Hesperidin	1441
115. Grapefruit Seed Extract	1364	156. Enzymatically Modified Rutin	1443
116. Maize Morado Color	1366	157. Natural Flavoring Substances	1445
117. Tea Extract	1368	158. Dammar Gum	1460
118. Masticatory Substances, Natural	1371	159. Chitosanase	1462
119. Quillaia Extract	1372	160. Smoke Flavours	1466
120. Defatted Ricebran Extract	1375	161. Grape Seed Extract	1471
121. Heme Iron	1376	162. Phaffia Color	1474
122. Gum Ghatti	1379	163. Tomato Color	1476
123. Madder Color	1381	164. Enzymatically Decomposed Apple Extract	1478
124. Kusagi Color	1382	165. Sesame Seed Oil Unsaponified Matter	1480
125. Peanut Color	1383	166. Transglutaminase	1482
126. Rutin	1384	167. Gold Leaf	1486
127. D-Ribose	1386	168. Crayfish Color	1488
128. Gallic Acid	1388	169. Glucosamine	1489
129. Hibiscus Color	1389	170. Laver Color	1491
130. Microfibrillated Cellulose	1391	171. Garden Balsam Extract	1493
131. Sandalwood Red	1393	172. Krill Color	1495
132. Psyllium Seed Gum	1395	173. Red Radish Color	1496
133. Saffron Color	1397	174. Enzymatically Modified Stevia	1498
134. L-Sorbose	1399	175. 5'-Adenylic acid	1503
135. Shea Nut Color	1400	176. 5'-Cytidylic acid	1505
136. Cyclodextrin Syrup	1402	177. Oxygen	1507
137. Rice Bran Wax	1405	178. Erythritol	1509
138. Arabino Galactan	1407	179. Quercetin	1511
139. Onion Color	1408	180. Lauric Acid	1513
140. γ -Oryzanol	1410	181. Stearic Acid	1516
141. Milt Protein	1412	182. Palmitic Acid	1519
142. Purple Sweet Potato Color	1414	183. Pancreatin	1522
143. Purple Yarm Color	1416	184. Ferulic Acid	1528
144. Perilla Color	1418	185. Castor oil	1530
145. Carotene	1420	186. Myristic Acid	1533
146. Candelilla Wax	1422	187. Oleic Acid	1536
147. Chlorophyll	1424	188. Capric Acid	1539
148. Chitin	1426	189. Dextran	1542
149. Thaumatin	1427	190. Tea Catechin	1544
150. Furcelleran	1430	191. Nitrogen	1547
151. Grape Juice Color	1433	192. Caprylic Acid (Octanoic Acid)	1549
152. ϵ -Polylysine	1435	193. Naringin	1552

194. Enzymatically Modified Hesperidine	1554	Chloride Preparations	1717
195. Maltotriohydrolase	1557	(3) n-alkyl(C ₁₂ -C ₁₈)benzyltrimethylammonium	
196. Nisin	1561	Chloride Preparations	1718
197. Tannase	1565	(4) Sodium Dichloroisocyanurate preparations	1719
198. Poly - γ -glutamic acid	1568	(5) Sodium Hypochlorite preparations ..	1720
199. α -Galactosidase	1571	(6) Hypochlorous Acid Water preparations ..	1721
200. β -Glycosidase	1574	(7) Poly(hexamethylenebiguanide)hydrochloride	
201. Glutaminase	1577	preparations	1722
202. Hydrogen	1580	(8) Hydrogen Peroxide preparations ..	1723
203. Hyaluronic Acid	1582	(9) Peroxyacetic Acid preparations ..	1725
204. Natamycin	1584	(10) Citric Acid preparations	1726
205. Crude Magnesium Chloride(Sea Water)	1586	(11) Iodine preparations	1728
206. Asparaginase	1590	(12) Chlorine Dioxide Preparations ·	1729
207. α -Acetolactate decarboxylase	1593		
208. Xylanase	1597	Article 2. Use Level	1730
209. 5'-Deaminase	1600		
210. α -Glucosidase	1603	IV. General Test Methods	1737
211. Phosphodiesterase	1606		
C. Mixed preparations	1609	1. Gas Chromatography	1737
1. Ingredient Containing L-Sodium Glutamate	1609	2. Residue on Ignition	1740
2. Alkali Additives for Noodles	1611	3. Loss on Drying and Loss on Ignition	1741
3. Preservatives preparations	1615	4. Refractive Index	1742
4. Sodium Saccharin preparations	1619	5. Lead Limit Test (Dithizone Method)	1743
5. Prepared Tar Dyes preparations ..	1621	6. Methoxyl Determination	1745
6. Baking Powder preparations	1623	7. Thin Layer Chromatography	1747
7. Mixed preparations	1625	8. Quantitative Test for Generated Gas	1748
Article 4. Use Level	1627	9. Arsenic Limit Test	1749
A. Synthetic Additives	1627	10. Boiling Point and Amount of Distillate	1751
B. Natural Additives	1695	11. Specific Gravity	1755
C. Mixed Preparations	1715	12. Optical Specific Rotation	1757
III. Food Contact Surface Sanitizing		13. Water Determination (Karl Fischer Method)	1758
Solutions	1716	14. Paper Chromatography	1761
Article 1. Standards and Specification	1716	15. Softening Point Measurement	1765
(1) Ethanol preparations	1716	16. Flame Coloration Test	1767
(2) N-Decyl-N,N-dimethyl-1-decanaminium		17. Test Methods for Chloride and Sulfate Slats	1768
		18. Thermometers	1769
		19. Atomic Absorption Spectrophotometry	1770
		20. Inductively Coupled Plasma Emission Spectroscopy	1773
		21. Mercury Test	1775
		22. Assay for Alkali Salt of Organic Acid	1778
		23. Melting Point	1779

24. Congealing Point	1782
25. Infrared Spectrophotometry	1785
26. Viscosity	1787
27. Heavy Metal Limit Test	1791
28. Nitrogen Determination	1792
29. pH Determination	1795
30. Identification	1799
31. Readily Carbonizable Substances Test	1807
32. Ash and Acid-Insoluble Ash Limit Test	1808
33. Spectrophotometry	1809
34. Coloring Matter Tests	1812
35. Coloring Matter Aluminum Lake Test	1818
36. Flavoring Substances Test	1821
37. Oils Test	1827
38. Test of Bactericidal Activity	1829
